

## **Personal Agenda of Arun Binaykia Binaykia - Identity & Access Management Summit - San Diego, CA**

Personal Agenda of Arun Binaykia Binaykia

### **Attendee Breakfast**

10/08/2009 06:20 AM

Location: Sheraton San Diego Hotel & Marina - Harbor Island Ballroom

Start Time: 09 November 2009 07:00 AM

### **Registration**

10/15/2009 01:13 PM

Location: Sheraton San Diego Hotel & Marina - Marina VI

Start Time: 09 November 2009 07:00 AM

### **Welcome Address**

10/08/2009 06:21 AM

Location: Sheraton San Diego Hotel & Marina - Grande Ballroom AB

Start Time: 09 November 2009 08:00 AM

### **The Death of IAM and the Loss of Identity Innocence — A Review of Program Maturity, Services-Driven Change, and New Era Threats**

10/08/2009 06:27 AM

As identity and access management (IAM) maturity evolves, it's not without growing pains. Integration with business process, building an IAM organization and integrating existing enterprise IAM infrastructure with new services-based options will be challenging. Guarding against unauthorized access also requires greater transparency and granularity in assigning and using entitlements for that access.

Location: Sheraton San Diego Hotel & Marina - Grande Ballroom AB

Start Time: 09 November 2009 08:15 AM

### **Visioneering Your IAM Program**

10/08/2009 06:31 AM

Visioneering is not about technology, vendors, regulatory requirements or projects — but it is not to be ignored. Visioneering is about dreaming what identity and access management (IAM) can do for your organization, setting goals and picking a destination. This session focuses on that 50,000-foot view that will help create a successful IAM program.

Location: Sheraton San Diego Hotel & Marina - Grande Ballroom A

Start Time: 09 November 2009 11:30 AM

### **Solution Showcase Lunch Reception**

10/08/2009 06:33 AM

Location: Sheraton San Diego Hotel & Marina - Nautilus Ballroom

Start Time: 09 November 2009 12:30 PM

### **NEW: IAM Governance, Risk and Compliance -- The Future of IAM**

01/19/2010 12:27 PM

Location: Sheraton San Diego Hotel & Marina - Nautilus Ballroom

Start Time: 09 November 2009 01:35 PM

**[Directories and Virtual Directories: Foundations of Your IAM Infrastructure](#)**

10/08/2009 06:33 AM

Directories underpin processes for the management of users and machines. Many organizations have deployed multiple directories, each one meeting specific project requirements. The long-term result is a mob of directories, each vying for dominance. This presentation examines directory architectures, products and services that leverage existing infrastructure while improving the accessibility, and the usefulness of directory content and functionality.

Location: Sheraton San Diego Hotel & Marina - Grande Ballroom A

Start Time: 09 November 2009 02:30 PM

**[Best Practices for Vendor Selection - The Gartner IAM Magic Quadrant](#)**

10/08/2009 06:35 AM

This presentation introduces and discusses the latest Gartner Magic Quadrants that cover three key identity and access management (IAM) technologies: enterprise single sign-on, user provisioning and Web access management.

Location: Sheraton San Diego Hotel & Marina - Grande Ballroom AB

Start Time: 09 November 2009 05:00 PM

**[Solution Showcase Reception](#)**

10/08/2009 06:36 AM

Location: Sheraton San Diego Hotel & Marina - Nautilus Ballroom

Start Time: 09 November 2009 06:00 PM

**[Bird of a Feather Networking Breakfast](#)**

10/08/2009 06:37 AM

Location: Sheraton San Diego Hotel & Marina - Harbor Island Ballroom

Start Time: 10 November 2009 07:30 AM

**[Keeping Your Assets Safe Using Fraud Detection and Authentication](#)**

10/14/2009 09:40 AM

This session explores emerging fraud trends and solutions against a backdrop of deteriorating global economic conditions and increasingly sophisticated global crime rings. The session looks at best practices for: - Protecting enterprise assets and reputation - Protecting customer and enterprise accounts from various threats - Building confidence among customers and other stakeholders.

Location: Sheraton San Diego Hotel & Marina - Grande Ballroom B

Start Time: 10 November 2009 08:30 AM

**[Making IAM Whole — Content, Context and Classification: Frontiers in Identity Intelligence and Entitlement Administration](#)**

10/08/2009 06:51 AM

While identity and access management (IAM) continues to mature, there are still areas of growth and improvement occurring along the "boundaries" of its feature sets in areas such as log management, workflow, authorization and analytics. For IAM to realize its true potential, understanding these growth areas and their contributions is critical to realizing full value.

Location: Sheraton San Diego Hotel & Marina - Grande Ballroom B

Start Time: 10 November 2009 11:00 AM

**[Governance, Risk and Compliance Requirements for IAM](#)**

10/08/2009 06:52 AM

Identity and access management (IAM) controls are foundational requirements for good governance, risk and compliance (GRC). However, GRC is poorly defined in many organizations, making it hard to understand how IAM fits into corporate strategy. This session explores the relationship between IAM and GRC.

Location: Sheraton San Diego Hotel & Marina - Grande Ballroom A

Start Time: 10 November 2009 02:00 PM

**[Novell, Inc. Roundtable: Securing Your Business with Endpoint Security Management \(Online registration has ended. Please check the onsite One-on-One Registration Desk for availability\)](#)**

11/05/2009 07:34 AM

Businesses must take actions to protect their infrastructure and endpoints while ensuring their employees can continue to perform their jobs effectively. Companies can directly protect and manage devices or even manage the user directly - making them more productive and reducing IT cost. Join us for a lively discussion on how organizations are protecting their data and endpoints based on the user identity of employees.

Location: Sheraton San Diego Hotel & Marina - Marina I

Start Time: 10 November 2009 02:00 PM

**[Roundtable: Customer Authentication and Fraud Prevention \(Online registration has ended. Please check the onsite One-on-One Registration Desk for availability\)](#)**

11/05/2009 07:35 AM

A discussion of best practices for consumer authentication and fraud prevention.

Location: Sheraton San Diego Hotel & Marina - Marina II

Start Time: 10 November 2009 02:00 PM

**[Identity's Role in Cloud Architecture](#)**

10/08/2009 06:58 AM

Much has been said about securing cloud computing, but what role does identity play in that effort and beyond? If some predictions come true, cloud computing-based solutions will increasingly be the customer's choice for solving IT application concerns in the coming years. Some means of providing consistent authentication, authorization and administration of access is necessary.

Location: Sheraton San Diego Hotel & Marina - Grande Ballroom C

Start Time: 10 November 2009 02:00 PM

**[Oracle: Extending the Principles of Service-oriented Security to Cloud Computing](#)**

01/19/2010 12:27 PM

Cloud computing adoption is shrouded by security and privacy concerns. Enterprises are often perplexed by the many challenges of cloud security and how to maintain compliance and governance in this new IT paradigm. This session includes a panel featuring thought-leaders from Qualcomm, AARP and Embry-Riddle Aeronautical University. It will outline how to leverage existing identity and access management infrastructure, and how to extend Service-Oriented Security and standards-based interactions to successfully secure assets in the cloud.

Location: Sheraton San Diego Hotel & Marina - Grande Ballroom A

Start Time: 10 November 2009 03:15 PM

**The Pundits Panel**

10/08/2009 06:59 AM

Gurus and Bloggers and Brains – Oh, My! We've put together a panel of bright stars in identity and access management (IAM) — this is your chance to hear their opinions on what is important now and get their answer to your question about the future of Identity.

Location: Sheraton San Diego Hotel &amp; Marina - Grande Ballroom AB

Start Time: 10 November 2009 04:30 PM

**Breakfast with the Analysts**

10/08/2009 07:00 AM

Location: Sheraton San Diego Hotel &amp; Marina - Harbor Island Ballroom

Start Time: 11 November 2009 07:00 AM

**Enabling Enterprise Identity Verification**

10/08/2009 07:09 AM

Successful identity verification technology selection and implementation depends critically on mapping those technologies to your needs – even more important given the broad range of technologies now available from a variety of vendors and service providers.

Location: Sheraton San Diego Hotel &amp; Marina - Grande Ballroom B

Start Time: 11 November 2009 08:00 AM

**Remote Access Security on a Vanishing Budget**

10/08/2009 07:12 AM

Mobile devices and their security demands are growing faster than other parts of the IT budget. This presentation shows how to keep company information safe while keeping new expenditures as low as possible.

Location: Sheraton San Diego Hotel &amp; Marina - Grande Ballroom B

Start Time: 11 November 2009 10:30 AM

**Stump the Analysts!**

10/08/2009 07:12 AM

Gartner analysts are on stage to answer those really difficult questions you didn't get to ask them during the rest of the conference.

Location: Sheraton San Diego Hotel &amp; Marina - Grande Ballroom AB

Start Time: 11 November 2009 11:40 AM

**Conference Wrap-Up/Adjournment**

10/08/2009 07:12 AM

Location: Sheraton San Diego Hotel &amp; Marina - Grande Ballroom AB

Start Time: 11 November 2009 12:30 PM
